

ASS SEWER ORDINANCE AT BOARD MEET

Trustee Osmond Casts Lone
Naye for Latest
Improvement

SIX MONTHS TIME GIVEN

The Village board Tuesday evening passed the third reading of an ordinance prohibiting the use of privies on lots or parcels of land abutting upon the sanitary sewer in the village of Antioch, to take effect six months after publication of the ordinance.

This ordinance will prove a great improvement to the village and will undoubtedly create a more sanitary condition.

The ordinance was passed with but one dissenting vote, Trustee Osmond voting naye at all readings. Mr. Osmond was of the opinion that the people of the village had more than they could handle with present improvements around town without this extra burden being thrown on them at the present time.

Grand Billiards Lose to Antioch

By 10-1 Score

Sunday's Scores

Antioch 10, Grand Billiards 1.
Lake Villa 12, State Line 3.
Wilmet 10, McHenry 3.
Silverlake 1, Somers Specials 2.
Renchans, Lightning, wet grounds.
Foresters 0, Polonia 5, (13 innings).

Antioch easily defeated the strong Grand Billiards team, of Waukegan, by a score of 10 to 1. The game was a very poor one from the spectators point, the Grand Billiards registering 11 errors, while Antioch had a perfect day, the first this season.

Voight, who started for Grand Billiards, had absolutely nothing on the ball and the local boys had no trouble connecting with his delivery.

The home team showed a much changed lineup Sunday, due to disagreement between the management and one or two of the players in regard to remuneration. George Fiala, the principal hold-out, did not appear in the line-up Sunday, Carl Nabor substituting him and playing left. "Barney" did not have an opportunity in the field, but got three healthy welts at the ball out of four times up, two of which were a little too high, enabling the outfielders to get under them.

Kick, a new recruit on third, played a nice game, accepting three chances in his corner and getting his man at first each time. In his four trips to bat he hit safely three times, flying out in his fourth advance to the plate. Bixby had a comparatively easy time of it in the box. With the boys playing perfect ball behind him he was not in trouble at any time, sailing along nicely and striking out nine Grand Billiards players.

Antioch started scoring the first inning after Mount and L. Hood died, Molinaro got to second on errors, E. Hook hit one past second, scoring "Mike" and getting to third on a poor throw in and a passed ball. L. Fiala got a hold of a nice one and clammed it to left center for two bases, Bixby dropped one in short left, Baurele getting his hands on it, but dropped it. "Red" Fields hit to left, scoring Fiala, Kick hit safely scoring Bixby, "Red" getting caught at third.

Grand Billiards put one across in the second for their only tally when after two men out, Irwin hit for two bases and scored on Garson's single.

The local boys put three more runs across in the third on four errors. In the fifth they scored another run on a double by Bixby and a double by Kick, who was out trying to stretch it to a three bagger. Again in the sixth the home team was favored with

20 Years Ago in Antioch

Saturday, July 24, 1902

Hermey Buck and Master Frank and Miss Eva Gray were Chicago visitors, Sunday.

Mr. and Mrs. John Drury spent Sunday with their daughter, Mrs. Chas. Holmes, at Crystal Lake.

Charles Hughes and Frank Huber left on Friday for North Dakota where they will work in the harvest fields.

Miss Alice Cunningham and Miss Maude Hughes, of Milburn, were the guests of Miss Lillie Watson a few days last week.

Mr. and Mrs. Wallie Drom were in Chicago, Sunday, attending the golden wedding anniversary of their uncle and aunt, Mr. and Mrs. W. W. Brigham.

George Wallis, Walter Taylor, Chas. Alvers and John Didama, who went to Big Bar, B. C., last spring to work for a gold mining company, have returned. They report that the mine was not a paying investment, but nevertheless they enjoyed the trip very much. Mr. Didama stopped off at Junction City, Wis., to visit his daughters.

Miss Addie Schafer was a Chicago passenger, Monday.

Robert Selter, of the Grass Lake hotel, was a Chicago visitor, Monday.

C. G. Sanborn, of Evanston, was the guest of Mr. and Mrs. Jacob Savage the latter part of this week.

The summer resort region about Lake Villa is greatly agitated over the work of what is evidently a band of thieves, who, within a week, have stolen two horses, tried to crack a safe and broke into several places where goods of minor importance was stored.

Lake Villa Opens Series with Waukegan Foresters

Lake Villa plays the strong Waukegan Foresters team of Waukegan Sunday. Lake Villa has not been defeated so far this season, topping the list of Lake County teams when it defeated the strong State Line team last Sunday. The Foresters are coming to Lake Villa with twelve wins to their credit and one loss, and are after Davison's scalp. This should be a great game to watch and looks as if it may mean the deciding of the championship of Lake County. This will be the first of a three game series and both teams will be on the edge to get the jump.

SOME SHOULD NOT BE PERMITTED TO DRIVE AUTOMOBILE

Children Under Fifteen and Same
Others Are Listed as Un-qualified.

A child under the age of fifteen years is not permitted, under the Illinois law, to drive an automobile unless accompanied by a licensed chauffeur or the owner of the car. The secretary of state may revoke the license of a chauffeur who drives his car while intoxicated.

These are the only restrictions in the law relating to drivers of automobiles. Secretary of State Louis L. Emmerson pointed out today, but common sense and experience should be a sufficient guide to keep many other persons who are not qualified to drive from endangering their own lives and the lives of other people.

The National Safety council, in a recent bulletin, listed persons who should not be allowed to drive automobiles. This list includes the following:

- "Children below a certain age;
 - "Persons whose height does not permit easy reach of the controlling pedals;
 - "Persons who have not sufficient strength to operate control levers easily and positively;
 - "Persons under the influence of liquor;
 - "Epileptics or others subject to fits or fainting spells;
 - "Persons who do not know and understand the traffic laws, ordinary rules of the road, and other points concerned with safe and efficient automobile operation;
 - "Persons with dangerously defective hearing or eyesight;
 - "Cripples or persons minus arms or legs whose defects interfere with their safe control of an automobile."
- "These are good rules," said Secretary Emmerson, "and I am sure that in case of accident a damage suit would be affected by the fact that any such persons were driving the car at the time of the accident."

Woman's Club to Hold Tag Day for Library Benefit

The Woman's club will hold a tag day, Saturday, July 22. The club is to extend the scope of their library venture. Members of the club will take stands at points around town and will petition all to donate a small amount.

At the meeting of the board of trustees on Tuesday evening, Mrs. Mathews, chairman of the library committee, presented a plan to the Village board for the use of the town hall as a library.

The club offers to redecorate the hall and replace the present furniture with a more appropriate line for comfort of readers, including a glass top table if possible, enlarging on the present inadequate table to accommodate the full Village board.

The board took action on Mrs. Mathews' petition and unanimously accepted the plan for the use of the hall and extended an invitation to the club to use the hall for their meetings.

ARREST TWO IN SATURDAY NIGHT FIGHTS

The climax to a fighting brawl that has lasted for several weeks between two gangs of young men from Kenosha and Lake Villa respectively, came Saturday night when Clark Keller, of Lake Villa, and J. Kessell, of Kenosha, were placed under arrest and charged with assault and battery.

The story relates back to the previous Saturday night at Channel Lake when a machine carrying the Lake Villa boys collided with that of the Kenosha crowd. After a heated argument the Lake Villa boys tried to make a "get-away" but were trailed and the fighting continued until stopped by constables.

The Kenosha boys returned last Saturday night with a crowd of about twenty. The Lake Villa boys were outnumbered.

"The law provides," he said, "that every motor vehicle and motor bicycle present but were graded." The renewed quarrel had just gotten under way when a half dozen constables waiting for the renewed battle to start arrested the two above named and were to appear before Justice Sam Tarbell Monday afternoon. A change of venue took the trial to Justices J. C. James and was postponed until tomorrow (Friday) morning, when Prosecutor A. V. Smith can be present to hear the testimony.

Ald. Cermak's "Chicago" Wins Fox Lake Race

Leading the way in the free for all race at Fox Lake Sunday afternoon, Ald. Cermak of Chicago, with his power boat "City of Chicago" won the feature race of the Sunday afternoon program offered by the Fox River and Lakes Improvement association. Miss Modesty was second and Janice third.

Milhelene T won the Bang and Go event, Janice second, and Irene third. The Milhelens is owned by Eddie Tanciel, of Chicago. Miss Modesty won the 705 piston class event. The 740 piston, which includes the City of Chicago, was won by the power boat Myrtle, which finished a few feet ahead of the boat owned and piloted by the Chicago alderman. Over 5,000 people saw the races.

Supervisors Let Two Contractors

The Lake county board of supervisors last Thursday let contracts for the Highland Park-Deerfield road to Capbell & David Co., of Chicago, at a cost of \$59,352.73 which will be a 24 foot road. A part of the Lake Villa-Fox Lake road was let to E. H. Merriek, of Kenosha, at a cost of \$50,307.

MANY AT LAKES OVER WEEK END

The lake region came into its own over the week end. All the resorts reporting a larger crowd than was here over the Fourth. The 12:20 train out of Chicago had to leave over 100 people at the Grand Central station the train of ten coaches being crowded to capacity.

Sylvan Beach was crowded to capacity, beside entertaining 57 members of the Phi Alpha Delta Mau fraternity consisting of lawyers and judges. Sylvan Beach pavilion was crowded to capacity and everybody was having a great time until the transformer to that section burnt out, putting out all the lights.

Channel Lake pavilion was so crowded that it was almost impossible to get around when the dancers were off the floor.

The Blue Lantern reports a very large attendance and considering this is their first year at the Brinkman College Four are to be at all times.

MICKIE SAYS

congratulated on their success. Smith's hotel at Channel Lake was filled early Saturday and experienced a greater business than over the Fourth.

"Butch" Rother reports a much larger attendance than over the holidays and now that the lotus beds are beginning to bloom, expects to entertain capacity crowds till the end of the season, as visitors from all over the country come to see this wonderful sight of the lotus in bloom.

Pregrenzer's place on Grass lake is also in readiness for this class of trade.

An Apology

In last week's issue of the News there appeared an article on the death of John O'Brien, thirteen-year-old son of Mrs. Fred Brown of Antioch. In this article appears the expression "Young" O'Brien. The editor realizes this is not a very appropriate expression for this kind of an article and wishes to explain that this was a typographical error and should have read John O'Brien.

Church Fair at Salem

The Priscillas of the Salem M. E. church will hold a church and community fair Wednesday, August 2, at the church. There will be a variety of booths. Sports will be held in the afternoon and entertainment and a good time is assured in the evening. Supper will be served at 3:30.

Unclaimed Letters

There are unclaimed letters at the Antioch postoffice for Ira Brown, Leo Carberry, F. Carlson, Mrs. M. Peterson and Roy Sorenson.

Deny Credit Due Marketing Co. in Price Increase

The Milk producers of this section are very much stirred up over the article appearing in the Milk Reporter and republished in the Antioch News in which the activities of the Marketing company are credited with forcing the dealers to grant a big increase in price of milk for July, August and September.

Local representatives of the milk board claim this insinuation is untrue, and that the dealers were very reluctant in giving the increase and that at the meeting of July 20, at the LaSalle hotel the dealers absolutely refused to consider anything above \$1.75, with the farmers holding out for \$2.20.

At the meeting of July 29, the dealers noting the determined attitude of the farmers increased their offer to \$2, which the farmers at first turned down, but in which a compromise was finally based on for a three months price.

Two Schools in County Share in Distribution

Only two high schools in Lake county are sharing in the federal and state reimbursements to schools throughout Illinois for agricultural vocational training under the Smith-Hughes law, the total amount of which is \$131,542.78 for last year, according to a statement issued today by Carl Calvin, state superintendent of vocational education.

These two schools are the Antioch high school and the Gurnee high school. Each is to receive \$1,093.73. The fund has not yet been distributed, but the amount which each school will receive has been determined and the various schools have been notified.

Pavilion

One school has money will reach the pavilion in the near future. One school has twenty-one schools in the state will benefit by the fund this year.

The agricultural course at both the Gurnee and Antioch high schools is said to be excellent and has been praised several times by state inspectors.

G. A. R. Reunion to be at Grayslake

At a meeting of the delegates from the various Grand Army posts of Lake county in G. A. R. hall Wednesday afternoon, it was decided to hold the 44th annual reunion of Lake County Soldiers and Sailors association at Grayslake this year. The dates set for the reunion were August 16 and 17 and 18.

The association received good bids from North Chicago, the Waukegan Rotary club, Libertyville and Electric Park but Grayslake won out. There were eleven delegates at the meeting. The camp fire will also be held at Grayslake.

Official List of Transfers

- Mae L. Labdon and husband to Minnie Karsten, lot 11 block 7, Merriewood Point on Fox Lake, WD \$10, stamp \$1.
- J. J. Quinn to W. H. Flood, lots 18, 19 and 29, Southwest sub. at Gurnee, WD \$10.
- H. J. Nicholson and wife to F. L. Harcastle and wife, part lots 3 and 4 Gifford's sub. on Lake Catherine, WD \$10, stamp \$7.
- S. G. Skinner and wife to W. C. Ewert and wife, lot 47, Shaw's sub. on Fox Lake, WD \$10, stamp \$4.
- J. J. Quinn to A. W. Howard, lots 47 to 50, Southview sub. at Gurnee, WD \$10.
- J. J. Quinn to H. T. Howard and wife, lots 2, 22 and 23, Southview sub. at Gurnee, WD \$10.
- J. J. Quinn to W. C. McKenzie, lots 67 and 68, Southview sub. at Gurnee, WD \$10, stamp 50c.
- J. J. Quinn to G. C. and J. S. Gridley, deeds \$20, stamp \$1, lots 8, 9, 33 to 35, 54, 55 and 56, Southview sub. at Gurnee.
- Sarah Fiden and husband to F. C. Schmidt, lot in sec. 27 West Antioch on Grass Lake, WD \$1,200.
- Michael Hules and wife to Jaroslav Ruzicka and wife, lot 17, Shady Lane sub. on Loon lake, WD \$800,000.
- T. E. Graham and wife to Martin Yauch, lot 6 Graham's sub. on Long Lake, WD \$10, stamp \$50.
- J. J. Quinn to H. G. Chase, lots 10 and 17, Southview sub. at Gurnee, WD \$10.

MUSICAL CLUB ENTERTAINS LOCAL WOMEN

Large Crowd Hears Philicon
Musical Society at Rood's
Lake Catherine Home

MRS. BAILEY IS SPEAKER

The Woman's club was given a right royal reception and entertainment the afternoon of Wednesday, July 12, at the beautiful summer home of Mrs. W. H. Rood at Lake Catherine.

The rooms were filled to overflowing with—there being present a hundred and seventy-five guest—club women—to say nothing of the babies and a mere man or two.

The Philicon Musical society fully justified our highest expectations. Ten of the fourteen members were present and in a simple unaffected manner, as in the way with the truly gifted and well trained, give the following varied program of high class music:

- "Greeting to Spring" J. Strauss
- "Morning Hymn" Henschel
- "Lift Thine Eyes" ("Elijah") Mendelssohn
- "Country Gardens" Percy Grainger
- "Drink to Me Only With Thine Eyes" Old English Air
- "I Hear a Thresh at Eve" Cadman
- "Love's Old Sweet Song" Malloy
- "My Little Sun Flower, Goodnight!" Vanderpol
- "Greels Swing Song" L. Denza
- Mrs. John Klamont and Mrs. Wm. Simonton

- "Go Down Moses" Burleigh
- "I Want to be Ready" Burleigh
- "Morning" Ole Speaks
- "Thou Art So Like A Flower" Chadwick
- "The Years" At the Spring" Beach
- "Lovely Night" Offenbach
- "Barcarolle" Nesbitt
- "The Piper O'Dundee" Nesbitt
- "Bayon Song" Strickland
- "Ma Li'l Bateau" Strickland
- "Indian Spring Song" T. Liorance
- Mrs. Wm. Simonton
- "Carmina" L. Wilson
- "Regular Royal Queen" O'Sullivan

Seated within the shadows of those noble trees, with the glistening waters of the lake before us and carried for a time, out of ourselves by the soaring melody of those trained voices, tired women forgot their weariness, mourning hearts were comforted, and happy hearts made happier. For us all

"The cares that infest the day,
Folded their tents like the Arabs,
And as silently stole away."

If the ideal life be on of service to others, then indeed to the Philicon Musical club is given an opportunity whose boundaries will never be known. They "fling a song into the air," and some life is made stronger and better.

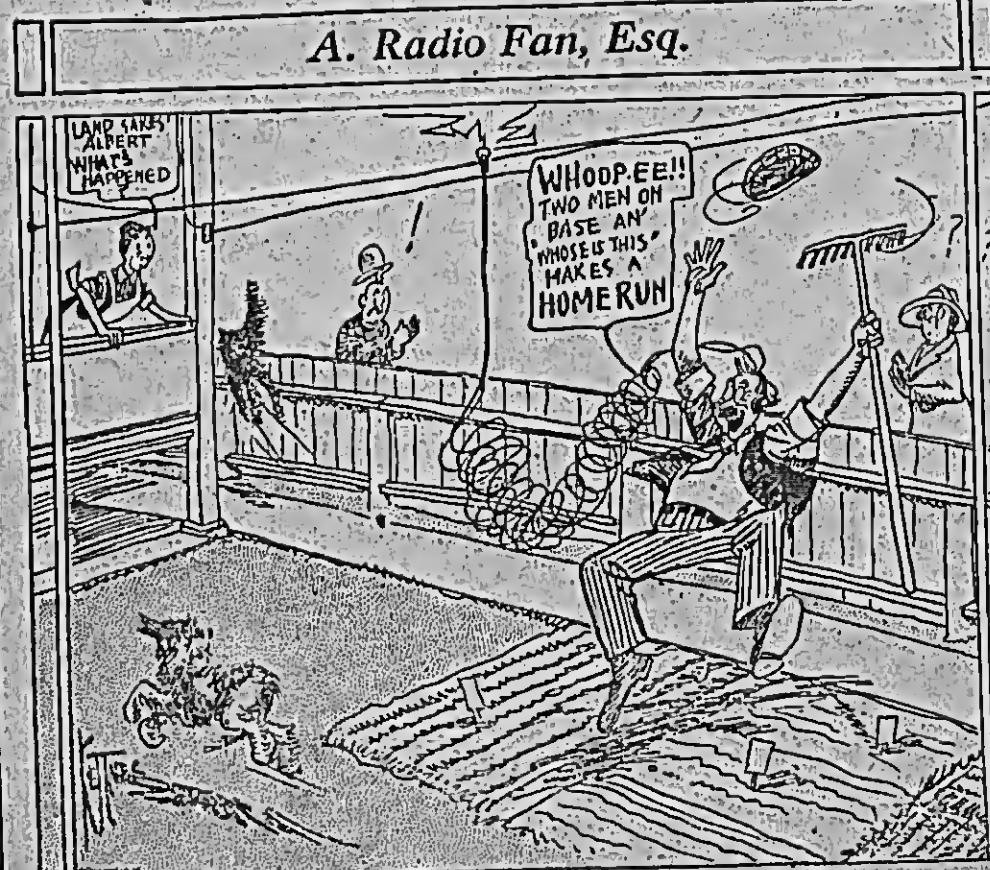

The Woman's club is a unit in its appreciation of this musical society and like Oliver Twist only asks for "more."

Mrs. E. S. Bailey, our state president was an honored guest of the occasion and responded in the usual happy way to an invitation to address the company. Fresh from the biennial convention in Boston she was full of enthusiasm for the power and influence of organized and federated womanhood. She reminded the club of Antioch women that we were not a group of isolated workers, but were backed by a hundred thousand in the state of Illinois alone, and in the nation at large numbered nearly a million.

A million club women, armed not only with the vote guaranteed them by the constitution, but also to a great extent influencing the votes of husbands, sons and brothers, are declared a power to be reckoned with. She emphasized the key note of true club work as "Service." "What benefit will the club be to me?" but rather, "What can I give to the club?" In what way can I be of service to it?" should be the animating principle of every woman who applies for membership.

She made a plea for the "flapper" who just now seems the peg on which the pessimists hang all their

Methodist Episcopal Church News

SUNDAY SERVICES:
 Sunday School 9:45
 Morning Service 11:00
 Epworth League 7:00
 Evening Service 7:45

To be good you must think good thoughts. If you think mean thoughts, you are mean. If you think unclean thoughts, you are unclean; if you think pure thoughts, you are pure. Think holy thoughts and you are holy; think unholy thoughts, and you are unholy. Think beautiful thoughts and you are beautiful in character; think unpleasant thoughts and you are sure to be unpleasant in character. This was the line of study in Sunday morning's discourse. The pastor showed from the bible, from history, and from reason that every one is, in character, what his thinking is. "For as he thinketh in his heart, so is he." Since, then, the whole character is determined by what one thinks and how he thinks, the first duty of every one is to control his thinking, laying hold upon the forces of his own mind, forcing his transient thoughts to return to their proper channels, fighting out the impurities, the little, trivial, useless thinking, and compelling the mind to dwell upon the great and good and high and lovely things—especially the great realities of the spirit world.

The church and Sunday school attendance is holding up remarkably for the midsummer season. This is as it should be. People are coming more to realize that there is no valid reason why folks should not be in church almost every Sunday during the summer; for if they are away from home and cannot go to their own church, they are almost always within reach of some church where they can attend the services of God's house, and they ought to do it, as increasing numbers are seeing.

It is encouraging to find larger numbers of parents coming to appreciate the vital necessity of teaching their children the main truths of religion while they are small. The Lord's prayer, the ten commandments, the apostles' creed, many passages of scripture, and the catechism should be taught to every child by the parents. Where parents neglect this duty, they cannot, in after years, look back with a clear conscience and say they have no blame if their children have gone astray. And above all, the parents should teach every child to pray when not over three years of age and then never neglect to see that the child keeps up the habit of private prayer as long as he lives under the parental roof. To permit a child to quit praying at night when he goes to bed, is to make almost sure that the child will go wrong and bring tragedy and horror to the hearts of the parents. "Keep the child praying." That is the most vital thing any parent has to do. Neglect everything else if you must, but do not neglect that.

News from every part of the world keeps coming of the immeasurable blessings that have come to vast numbers of people from the centenary moneys and plans at work throughout the whole earth. Literally hundreds of thousands of sick and suffering men, women and children now have good medical care, who otherwise would be suffering and dying with absolutely no medical help.

EVINRUDE
 DETACHABLE MOTORS FOR WATERCRAFT

Surprisingly simple—anyone can operate an Evinrude. Just a turn of the flywheel and you're off! No back-breaking oar work to spoil the day's pleasure—an Evinrude turns any small boat into a power boat. You'll want this dependable motor for picnics, bathing and outing parties, fishing and hunting trips—and it really costs you only \$10 a year. Ask us why.

AUTO DRIVER MUST TAKE CARE IN CITY

Law Regulates Traffic in Streets for the Protection of the Public.

Special provision is made by law for the regulation of automobile traffic in cities and every city has its own additional regulations, but the automobile driver should also exercise his judgment and observe whatever other rules seem advisable. Secretary of State Louis L. Emmerson declares.

"Under the law, an automobile must not approach closer than ten feet behind a street car which is loading or unloading passengers," he continued. "In some cities where there are safety zones, autos are allowed to pass if they do so slowly. The driver should remember that persons alighting from a trolley car are sometimes bewildered and do not know which way to go."

"Too much reliance should not be placed in the use of the automobile horn in city streets. The machine should be operated at a speed which permits stopping within a few feet in case pedestrians do not heed the signal and walk in front of the car. The driver should remember that some people are deaf and that others are naturally heedless. A group of persons in the middle of the street, startled by the sound of the horn, may scatter in opposite directions and an immediate stop by the automobile is the only way in which an accident can be avoided. Signs indicating the proximity of a school building should always be heeded by the driver in order to avoid striking children when they run into the street in play."

MANY GARAGES DO NOT OBEY THE LAW

Fail to Keep Record of Automobiles Brought in for Storage or Repair.

Investigators working under the direction of Secretary of State Louis L. Emmerson, report that the section of the automobile laws most generally ignored is the provision requiring garages to register the numbers of all cars brought in for storage or repair. The record, if the law is complied with, should show the license number of the car, the serial number and the engine number.

The purpose of this act is to make the detection of automobile thefts easier and to facilitate the return of stolen cars.

Secretary of State Emmerson collects from local sheriffs and police authorities the numbers of all stolen automobiles. These are published weekly in bulletin form and sent to all sheriffs and chiefs of police in the state.

If every garage kept a register showing the numbers of all cars brought in for storage or repair, it would be much easier for the police to trace these cars.

Investigation shows that only a small percentage of garages comply with this law.

Only 10 per cent of drivers of automobiles exercise the proper care in crossing railroad grade crossings. The great majority of drivers do not look either way before crossing, and others look only one way. Many take a long chance by rushing across the track when they see a train approaching.

Accidents at street intersections would be unknown if drivers would slow down on approaching the intersection and always obey the right-of-way law.

Automobile drivers are not mind readers. Always signal when you expect to stop or turn.

EFFICIENT BRAKES FOR AUTOMOBILES REQUIRED BY LAW

Many Accidents Caused by Worn-Out or Improperly Adjusted Braking Devices.

Inefficient or improper brake action on automobiles is a constant menace to both the owner and to the general public. Secretary of State Louis L. Emmerson declared today in discussing the provisions of the automobile laws, the enforcement of which is under his direction.

"The law provides," he said, "that every motor vehicle and motor bicycle while in use on a public highway shall be provided with good and sufficient brakes and also with a bell, horn or other signaling device." This is a wise provision. Without proper brakes a driver is in constant danger of collision. He should not endanger his own life in this way, and he certainly has no right to endanger the lives of others.

"It is important that every owner of an automobile see that he has a good quality of brake lining and that it is properly installed. Frequent tests for proper brake adjustment should be made. The lining should be kept free from oil and grease. Tests should be made every thousand miles or at least once a month to make sure that the braking power is equally divided between the two rear wheels. Inequality between the wheels often causes skidding."

"Experienced drivers save wear on brake lining and often avoid skidding by shutting off the gasoline throttle and leaving the engine engaged just before it is desired to stop the car, thus reducing braking with the brakes to a minimum."

GRADE CROSSING IS GREATEST MENACE TO AUTOMOBILE DRIVERS

Great Majority of Persons Killed by Trains at Crossings Were in Autos.

The railroads of the country have inaugurated a nation-wide campaign in the interest of greater precaution at grade crossings. Statistics show that the great majority of accidents on railroads occur at grade crossings and that by far the greater number of persons killed at crossings are in automobiles.

The National Safety council reports that in 1919 a total of 1,784 persons were killed at highway grade crossings in the United States, and of this number 1,232 were occupants of automobiles or trucks. The same ratio holds good in other years covered by the report.

"Proper precaution would have prevented practically every one of these accidents," Secretary of State Emmerson said today. "If the law is obeyed the number of accidents at grade crossings will become negligible."

A train running 60 miles an hour cannot be stopped in less than a quarter of a mile, but an automobile running 25 miles an hour can be stopped in 68 feet if the brakes are good. It is up to the automobile to stop.

The word "Stop" at a railroad grade crossing is put there to save life, but it can't do it unless the automobile driver obeys.

If every good citizen who drives an automobile would report all violations of the traffic laws, violations would soon be very rare.

Don't get the idea that because you are in an automobile you own the street. The pedestrian has a right to cross it.

St. Ignatius' Church News

Regular services: Holy communion, 7 a. m. (except 3rd Sunday); church school, 8:45 a. m.; morning prayer, 10 a. m.; Holy Communion (3rd), 10 a. m.

Last Sunday there was only one service outside of the church school session. It was the holy communion and was celebrated by the Rev. Chester Hill, our former priest-in-charge, who is now living in Libertyville. The service was very beautiful with the silk eucharist vestments, and Father Hill preached a splendid sermon on the text "There is joy in the presence of the angels of God, over one sinner that repenteth." It was a very real pleasure to have Father Hill with us again, and he enjoyed the change very much.

On Tuesday of this week, the 18th, a card party was held by the ladies of St. Ignatius' church at Winch's Channel Lake pavilion.

Last week on Friday the Ladies' Guild were entertained by Mrs. Daniel Forbes, of Lake Villa, and everyone present enjoyed the occasion on the beautiful spot where the Forbes' home is located.

Next Sunday is the sixth Sunday after trinity, and the holy communion will be celebrated at 7:00 in the morning, church school at 8:45, and morning prayer and address at 10. At this service there will be a solo by Mrs. William Kreicher, of Lake Catherine. Everyone is invited to be present at the Sunday services, at either one or both.

Come especially to the holy communion at 7 in the morning. The eucharist is always the most important of all the church services, and the early morning is in many ways the best time of the day to worship God. It is usually much cooler and our minds are clearer than any other time of the day.

Lake visitors are especially invited to the services of the church, and to take advantage of its ministrations at all times.

MICKIE SAYS

WITH HER KIND PERMISSION, I WILL NOW RECITE SHAKESPEARE'S FAMOUS PLAY ENTITLED, "IF HER SUBSCRIPTIONS NEARLY EXHAUSTED, PLEASE ORDER WITHOUT WAITING TILL THE PAPER STOPS COMING!"

Notable Feat Accomplished in "The Sheik"

If you want to witness a typical sand storm of the Sahara desert in all its fury, without undergoing the discomfort of being in its path, you will find a most realistic desert tornado in "The Sheik," George Melford's new production for Paramount showing at the Crystal Theatre Thursday and Friday, July 20 and 21.

In the filming of this scene, it was proven that the ingenuity of man can harness the elements and turn them loose in their wildest fury. A desert site was chosen some sixty miles from Hollywood, Calif., where the picture was produced and a big wind machine, consisting of a powerful motor and a large airplane propeller, was stationed beside the camera. As the motor revolved the propeller, at a terrific speed a furious blast of air blew the sand out over the camera area, producing an effect exactly like a real Sahara sand storm.

"It was no fun," declared Agnes Ayres, who plays the principal feminine role and Rudolph Valentino, who portrays "The Sheik," "to stand out in front of that wind and be peppered by sand, and at the same time trying to enact a scene for the pictures."

MAN GIVES WIFE

GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckhorn bark, glycerine, etc., as mixed in Adler-i-ka, her husband says: "My wife feels fine now and has gained weight. It is a wonderful stomach medicine." It is a wonderful stomach medicine. Adler-i-ka acts on BOTH upper and lower bowel, removing four matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. S. H. Reeves, druggist.

Announcement

That meeting of the St. Ignatius' church will be held July 20, 1922, at their store for the purpose of raising money for the building of a new church.

FOR SALE—Two story residence on Spafford street. H. J. Brogan. 361f

POLICE ROUND UP HEADLIGHT FIEND ALL OVER STATE

Campaign Started by Emmerson Gets Results in Many Communities.

Good results have followed the recent efforts of Secretary of State Louis L. Emmerson to secure better enforcement of the headlight dimming law in the state, according to reports received at his office. Some time ago he instructed all investigators operating under his direction to make a special effort to obtain strict enforcement of this law, and to urge local authorities to co-operate with them. He also sent a letter to every sheriff and every chief of police in the state asking him to see that this law was enforced.

Provision of Law. The section of the law referring to the headlight dimming is as follows: "When upon any public highway in this state, during the period from one hour after sunset to sunrise, every motor vehicle should carry one lighted lamp and every motor vehicle two lighted lamps, showing white lights, or lights of a yellow or amber tint, visible at least two hundred (200) feet in the direction toward which each motor vehicle or motor vehicle is proceeding, and shall also exhibit at least one lighted lamp which shall be so situated as to

FOR SALE—Binding twine. Chase Webb.

Used Car Bargains Chevrolet light delivery truck in A1 shape, enclosed delivery body \$225.00. Chevrolet 490 touring car used as demonstrator, A1 condition. Bargain. F. S. Morrell, Antioch. Phone 112J and Farmers line.

Fab, chicks. Barred Rocks, Reds, 10c each; White Rocks, Wyandottes, 11c each; Buff Orpingtons, 12c each; Leghorns, 9c each. Farrow Hirsch Co., Peoria, Ill. 8-151f

FOR SALE—Community gas plant, either acetylene or gasoline, can be entered the same as in the city. H. P. Lowry, Antioch. 411f

WANTED—Correspondents to represent the Antioch News from different sections in the lake region and neighboring towns. Write the News office for particulars.

MAN WANTED—To represent one of the largest poultry farms in America. Work in your home territory. Splendid position yearly for the right party. We prefer men who live in the country or small towns; loafers and city slickers need not apply. State paper you saw ad. Address Beauty's Red Farms, Box 212, Fort Wayne, Ind. 341f

Call us up on the phone and we will insert your want ad and send the bill later. Tel. Antioch 43 or Farmers line.

When a motor vehicle is in the reverse direction. The number plate at the back of the motor vehicle provided for in section 14 shall be firmly attached to the vehicle, so that it will not swing loosely, and shall be so lighted that the number on said plate shall be plainly legible and intelligible at a distance of fifty (50) feet. On approaching another vehicle proceeding in an opposite direction, and when within not less than two hundred and fifty (250) feet of same, any person in charge of a motor vehicle or motor vehicle equipped with electric headlight or headlights, shall dim or extinguish such headlight or lights. This provision herein contained in regard to dimming or extinguishing of headlights shall not apply when such headlights are equipped with an anti-glare device or lenses which prevent a glaring or dazzling light. During the period from one hour after sunset to sunrise every motor vehicle or motor vehicle which is standing on any road, highway or street shall display a light on the front and at the rear of the vehicle. However, any city, town or village may, by ordinance, under rules and regulations it may prescribe, designate any part or parts of any street or other highway therein, as parking places in which motor vehicles and motor vehicles may be parked without having their lamps lighted, as otherwise required by this section. Such parking place or places shall be lighted.

Local Women Hear Philicon Musical Society

(Continued from page 1)

pieces of dire disaster, and declared her unshaken belief that the young girl of today is just as intelligent, just as earnest and honest, just as pure and true, and capable as were the mothers and grandmothers before them; despite the bobbed hair, short skirts and lip sticks which have merely displaced the "rats," busies and wasp waists of the earlier generation at the behest of Dame Fashion.

Mrs. Bailey gave her hearers something to "think about when they think," and filled them with a new sense of responsibility for the privileges which are now theirs. Dainty refreshments were served and after a short time spent in meetings and greetings the company dispersed. Nothing was lacking—everything united to make it the "End of a Perfect" afternoon. To the Philicon Musical club who furnished the entertainment, to Mrs. Bailey, for the inspiration given, to Miss Rood for the hospitality extended, we certainly desire to express our thanks and appreciation.

What Gabriel Snubbers Do

Make the car ride easy.

Prevent spring breakage by keeping them under control.

Hold car to the road and reduce side swaying.

Prolong life of tires by giving better traction.

Reduce vibration and make car last longer.

Save money by reducing upkeep expense.

Make "rough road driving" comfortable and safer.

See the demonstrator at the Main Garage. Order through your garage man or from.

Chase Webb

Antioch

Gee, but Daddy was proud! He enjoys my music and my other accomplishments gained at school, but above all his great pleasure comes from my domestic science work.

He says that man has seven senses, appetite being the seventh and most important, and that when a girl or a woman learns to cater to this seventh sense intelligibly, she becomes a woman in the sense that God intended, whether versed in political issues or not.

I find Antioch Best Flour a great help in my cooking and baking. It is always good and dependable.

Antioch Milling Co.

ANTIOCH, ILL.

SEASONABLE GOOD THINGS

To make club cheese for sandwiches or for table use take one part of butter to four parts of cheese, put the cheese through the meat grinder, add the butter and then run again through the grinder any number of times until the cheese is smooth. Put in glasses, cover with paraffin paper or pack into paraffined paper boxes; this will keep for a month or longer in a cool place.

When one has a little cheese past the stage of serving on the table, grate it and to every two cupfuls of grated cheese add one cupful of hot, lag hot cream, season with paprika, salt, cayenne pepper and mix well, put into glasses and set away well covered in a cool place.

How to Cook an Old Chicken.—Cut up the fowl as for fricassee, roll in seasoned flour and fry until a golden brown, then place in a dripping pan or roaster with one cupful of chopped celery and two tablespoonsful of minced onion. Bake slowly until tender. The older the fowl the longer it will take to bake.

Pineapple Pie.—Peel and grate a pineapple. Separate the yolks and whites of four eggs and to the yolks add two cupfuls of sugar and two add two cupfuls of butter. When these tablespoonsful of butter. When these are well beaten add one-half cupful of cream and the grated pineapple. Pour this custard into pastry-lined plates and bake until firm. Cover with a meringue made from the whites of the eggs.

Cheese Nut Sandwich.—Put cheese through the meat grinder; to every cup add one tablespoonful of ground nuts. Prepare them by removing all skin, add salt, paprika and pack in small cartons or glasses.

Stuffed Onions.—Parboil good-sized onions until soft enough to remove the centers. Fill with a stuffing prepared from sausage or chicken. Cover with buttered crumbs and bake. Serve with steak.

For Sale by Eck's Ice Cream Parlor

Local and Social Happenings

The Ray Eddy day have removed to Grayslake.

P. Peterson and son Eines were in Chicago, Monday.

Sam Rice, of Kaha, was in Antioch, Monday, on business.

Don't forget the Ladies' Aid bazaar, Thursday, July 21, E. church.

Charles Richa and daughter Daisy motored to Waukegan, Friday.

Mrs. John Dupont several days last week visiting relatives in Evanston.

Mrs. John Claentertained her sister and aunt, Chicago, over Sunday.

Mrs. Bartholomew, of Bruce Lake, visited with Antioch relatives, Sunday.

James Babor family entertained several Chicago relatives over Sunday.

Mr. and Mrs. Sawick, of Genoa Junction, visited with friends over Sunday.

Several Chicago friends of Mrs. Vincent Dupre dined at her home, Sunday.

On Saturday a baby girl was born to Mrs. Llewellyn Van Patten.

Mrs. Frank Gough entertained her friend, Mrs. Alsdaile, of Chicago, Saturday.

Miss Elynore, of Ringwood, spent the past here with relatives and friends.

Mr. and Mrs. Clark entertained his father, mother, Mr. and Mrs. Farnk and Mr. and Mrs. Arthur Clark, Millburn, at their home over Sunday.

Andrew Peterson, of Rollins, was in Antioch Monday with the purpose of purchasing a home.

L. B. Grice went to Toledo, Ohio, the latter part of last week and drove home in a new car.

Mrs. E. J. Lunt and son Albert spent last week with Mrs. Lunt's sister, Mrs. H. P. Lowry.

Mrs. James Stearns and Miss Esther Stearns and Mrs. George Kauhaupt were in Chicago, Friday.

C. E. Davis and family, of Chicago, have taken the Will cottage at Indian Point for the summer.

George Malek and Miss Anna Baber, of Chicago, spent the past week with her parents here.

Albert Lunt and two boys chums, of Chicago are camping on the John Larby property on Little Silverlake.

Mrs. Will Kearns and daughter, with Mrs. Coluson and family, of Richmond, visited in Antioch, Sunday.

Several of the hotels and resorts reported more business over the week end than they had the Fourth of July holidays.

Come and enjoy a social time at the Ladies' Aid Bazaar. Your choice of everything good to eat will be served while you wait.

Everybody that misses the bazaar will turn green with envy when she sees the beautiful articles her neighbor bought there.

There will be a meeting at the village hall tomorrow night (Friday), by the committee in charge of this year's Chautauqua. Plans will be made and committees appointed at this meeting. The Chautauqua will be held August 17 to 21.

The stomach regulates the condition of the blood and is the foundation of good health or disease. Keep in good shape by taking Tanlac. S. H. Reeves.

Mrs. Emma Bartlett and Miss Alice Smith left last week for an extended trip through the west visiting Seattle and other points of interest.

Mr. and Mrs. Tom Moore and sons of North Dakota, spent Wednesday with Mrs. Moore's cousin, Mrs. O. Kettie hut and family.

Mr. and Mrs. Lee Middendorf have as their guests for this week Mrs. Middendorf's parents, Mr. and Mrs. Richardson, of Chicago.

Bathers at Channel Lake are invited to use the dressing rooms and the beach privileges at the Geo. Mason home on the south shore of the lake.

About thirty members of the Epworth League will attend a beach party tonight at North Chicago. They will be the guests of Miss Susan Tiffany.

Almost every Monday morning Antioch people "get left" by the 6.40 train. They always seem to forget this train does not stop on Mondays and they have to wait for the 7.30.

The big steam excavator working the road is making great headway, excavating from the south limits to the James Dunn residence the first week. In some places four feet of dirt was removed in leveling off the road.

Motorists coming from the south are having great trouble getting into Antioch on account of the road being closed. They fail to take heed of the warning sign to the south of town, and many come all the way to the village limits and have to go back. Four men in a Ford broke the barriers down early Sunday morning and drove across the high school lawn to get to town.

The stomach regulates the condition of the blood and is the foundation of good health or disease. Keep in good shape by taking Tanlac. S. H. Reeves.

Born to Mr. and Mrs. Harold Williams on Tuesday morning, a baby girl.

L. B. Grice brought from Toledo, Ohio, one model 20 Willys-Knight sedan 351 miles on 14 gallons of gas.

The A. T. H. S. graduates, who have been attending summer school at De Kalb, have returned home for the rest of the summer.

There is nothing more invigorating to a run down system than Tanlac. Try it. S. H. Reeves.

Evening concert at the M. E. church bazaar, July 27th, which will be conducted by Bertha James Gilbert and company.

Mrs. Jake King, who has been very sick the past three weeks at the home of her sister, Mrs. H. F. Beebe, is very much improved.

Mrs. Nellie Coahn, Mrs. Cathrine Auben, and the Misses Kathleen Feehan, Grace Dwyer, Florence Geppner, and Carrie Weidner all of Chicago are spending some time at Leo Court No. 113, at Cross Lake. All are members of Catholic Daughters of America.

A flock of girl-campers, with their chaperon, visited our office Tuesday p. m. After making a complete tour of the building they attempted to learn from J. H. the ins and outs of the printing business. John, however was so rattled that he could give no clear explanations, so the girls, after many yodels from the "chop," departed in peace.

Did your relatives or friends spend the week-end with you? Your neighbors would like to know their names. How long were you away last week? Tell us all about it. It's news—that's what we are looking for.

Mass is being held at the following places every Sunday at Standard time: St. Peter's church, Antioch, at 9 and 10; St. Mary's church, Ingleside at 9 and 10; Channel Lake pavilion at 8:30, and at Minnetonka lake lawn at 10:00.

Bernie Fields, one of the twelve men who found Gov. Len Small not guilty of misappropriating state funds, has been given a job in the state game warden's department in the Kankakee district.

The committees in charge of affairs for the Lake Villa Days, August 11 and 12, are using every effort to put on attractions greater than ever before. They have received 120 entries for the horse show and have eight entries for the two steeplechase races that will be held.

The Rev. Pollock, formerly pastor of the M. E. church, is commanding a Boy Scout camp on the big hill back of Smith's Hotel at Channel Lake. The boys have an excellent band and on Tuesday evening gave a concert on the Smith Hotel veranda.

Notice

There will be a special meeting of the Lake Villa School Board, Friday, p. m., July 21, at the Lake Villa school house. The public is urged to attend.

The Ladies Guild will hold an all day meeting at the home of Mrs. Evan Kaye on Wednesday, July 26.

Mrs. Joseph James was a Chicago passenger Wednesday.

Mrs. Jeannette Wells and son Gordon visited Sunday at Ed Gelling's in Waukegan.

Mr. and Mrs. W. H. Osmond, and Mr. and Mrs. L. J. Oamond motored to Chicago Wednesday.

BULLETIN SERVICE TRACES STOLEN CARS

State-Wide Reporting System Established by Emerson Helps Get Back Autos.

Several hundred stolen automobiles have been recovered during the past year as a result of a new bulletin system established by Secretary of State Louis L. Emmerson under the terms of an act adopted by the last general assembly. Sheriffs and chiefs of police throughout the state forward to the secretary of state the numbers and descriptions of all stolen automobiles in their communities. These are compiled once a week and forwarded to every sheriff and police department in Illinois. This aids greatly in the detection of stolen cars.

One of the difficulties impeding the success of this system, Secretary Emmerson declares, is the failure of garages to comply with the law requiring them to register the car and engine numbers of every automobile placed in the garage for storage or repairs. Only a very small percentage of garages are complying with this provision.

If each garage kept an accurate register of all the cars received it would be merely a matter of detail for the police officer to check over the register with the numbers in the stolen car bulletin issued by the secretary of state and thus find stolen cars.

About Spot Lights

The National Safety council recommends that spot lights be installed as high up on the car as practicable. It should be impossible to make the center of its beam of light strike the level highway more than fifty feet ahead of the car, except when swung thirty degrees to the right or left of straight line ahead position. The size of lamp used in a spot light should not exceed a rating of 21 candle-power.

On the road treat the other fellow as you would have him treat you. Dim your lights, give him his share of the road and obey all of the rules regarding signalling.

Tanlac's reputation as one of the best medicines on earth was won by results, not claims. Try it. S. H. Reeves.

HICKORY

Mr. and Mrs. D. W. Pullen spent last week Wednesday at Zion.

Mrs. George Tillotson entertained company from Chicago last week.

The new well at the Hickory school has been completed.

Ruth Poulsen visited last week at the home of her grandparents, Mr. and Mrs. Andrew Pedersen of Wadsworth.

Curtis Wells and family visited Gellings at Waukegan Sunday.

D. B. Webb and family and Mrs. O. Pullen autoed to Waukegan Saturday.

Chris Poulsen and family and Charlie Truax and Sopia Dept autoed to Chicago Sunday.

O. L. Hollenbeck and family entertained company Sunday.

Driven to Extremity. Kansas Paper—There's a girl in our town wearing a handsome diamond ring and is daintily afraid of burglars. At night when she retires she slips and rings on her little toe for safety.—Boston Transcript.

Williams Bros

ANTIOCH, ILL.

Farm Bureau News

C. E. WHEELLOCK of Libertyville, Ill.

OLNEY SELECTED FOR STATE PICNIC

Southern Illinois is to entertain the Farm Bureau members of the state this year at the annual state-wide picnic of the Illinois Agricultural Association. Olney was selected as the place, with Alton running a close second in the decision.

Olney is in Richland county and is located on the Illinois Central R. R. about 225 miles south of Chicago. A committee is now deciding on the date which will probably be some time early in September.

The championship horseshoe pitching team of the 95 county Farm Bureau of Illinois will be decided at the tournament to be held at the state picnic. The team from DeWitt county has won the cup for the last two years but will meet some stiff competition this summer.

Our Lake county team last year went by auto to Dixon. Several Farm Bureau members have been keeping in practice since the picnic last September and we believe can give the best of them a run for the championship.

About 10,000 attended the picnic at Dixon last year. Not many from southern Illinois could be there on account of the distance. This year northern Illinois will have the long trip. There will probably be excursion rates by railroad from Chicago or the trip can be made by auto.

SECOND BROOD CODLING MOTH

From present indication the second brood codling moth will begin hatching in northern Illinois from July 20-25.

Recent examinations in most of the commercial orchard sections of the state show few codling moths. In orchards where no worms can be found it may be safe to wait for the appearance of the third brood of moths before applying another spray. If worms have not been noticed in the orchard a spray should be applied as soon as possible after the dates given.

The following material should be used for this spray: 1 1/2 pounds of powdered lead arsenate and 2 pounds of freshly slacked lime to 50 gallons of water.

Some of the orchards show considerable blotch infection causing black sooty-like spots on apples. It is probably too late to stop this disease but lime sulphur or Bordeaux may keep it from spreading further. It is better to use Bordeaux if the temperature is about 90 degrees.

Notice of the development of the third brood will be sent the latter part of July.

I. A. A. FINISHES FLOOD RELIEF WORK

Sidney Smith, formerly Macan coun-

ty farm adviser, who has been for the last several weeks in charge of the I. A. A. project for the providing of feed for flood-stricken farmers of the Ohio, Illinois and Mississippi river valleys, has completed his work. The feed and seed provided through the co-operation of the I. A. A., the University of Illinois and the American Red Cross have done wonders to relieve conditions in the flooded districts, Mr. Smith says.

FIRE FROM SPONTANEOUS COMBUSTION

Every year a number of barns are set on fire by spontaneous combustion in the hay mow.

Spontaneous combustion is caused by green hay heating in the barn, and the heated mass being exposed to a draft which sets the hay on fire. The condition can be overcome by spreading out the hay when put in the mow.

Usually fire breaks out in barns where the hay has not been mowed but has been allowed to pile in the center of the mow and the larger bunches pushed to each side. This method of putting hay away leaves air pockets between the bunches. When the doors and windows are left open, the draft causes combustion.

Usually such fires are hard to control and a complete loss of the building and hay results.

The safest plan is to see that the hay is fairly well cured before putting it in the barn. Spread the hay by tearing apart the big bunches. Keep all the doors and windows closed so that no strong gust of wind gets into the mow. Careful attention to these details will be helpful in avoiding fires from this source.

Outings For Slum Kids

One hundred and ten children of the Chicago slums will know for the first time this summer what "fresh air and grass and sunshine" are like as the result of the generosity of big-hearted members of the Farm Bureau of the state. This number of requests for children has already come into the Illinois Agricultural association, which is co-operating with the Farm Bureau, the Chicago Daily News and the United Charities of Chicago.

It is expected that many more requests will be received before the summer is over. The children range in age from 4 to 12 and come from the most needy homes. They are neatly and clearly dressed before going out on their vacation and the farmer is not held responsible for accidents to them. The railroads are offering free transportation.

More than 300 children were given outings by Farm Bureau folks last summer and not a complaint was received from anyone.

STATE HAS MORE AUTOS THAN ANY NATION IN WORLD

More Than 750,000 Will Be Licensed This Year, Secretary of State Emmerson Says.

TRAFFIC IS BIG PROBLEM

With Growing Number of Cars Need for Caution Is Greater—Urges Law Enforcement.

The number of registered automobiles in Illinois this year will pass the 750,000 mark, according to estimates made by Secretary of State Emmerson. Last year, 670,432 automobiles were licensed in the state and up to July 1 this year a total of 680,000 automobiles were licensed, an increase of 75,000 over the number of licenses issued during the same period last year.

Illinois ranked fifth among the states in gains made in automobile registration last year. New York, Pennsylvania, Ohio and California alone exceeded Illinois in this respect. There is now one automobile to every 9.87 persons in this state. The number of automobiles in use in Illinois is with a little over 300,000 of the total in a little over 3,000,000 of the total automobiles in use in all Europe.

More Than Any One Nation. No single nation in the world, outside of the United States has as many automobiles as has the state of Illinois. Great Britain has only 407,682 automobiles; Canada, 403,439; France, 236,140; and Germany, 213,884. The number of cars in the other countries ranges from this figure down to three in Monrovia.

"It will be seen therefore," Secretary Emmerson states, "that the traffic problem in Illinois is a very serious one. Automobiles are no longer a luxury but a necessity. An effort has been made to keep regulations in pace with the growth in the number of cars, but only by the co-operation of drivers and the general public can we hope to decrease the enormous number of accidents which are occurring on the highways and city streets throughout the state."

GRADE CROSSINGS ALL MARKED NOW

Driver Should Pay Attention to Signs in Approaching Track.

Every dangerous grade crossing in the state has now been marked with "Stop" signs under the provisions of a law adopted in 1919. Other crossings are marked with the letter "R." The law provides, Secretary of State L. Emmerson pointed out, that where ever one of these "Stop" signs appears the driver of an automobile must bring his car to a full stop before proceeding over the crossing. At other crossings he must reduce the speed of his car to ten miles an hour. "The provision of the law is a wise one," he said. "It is for the protection of the automobile driver and the occupants of his car. He should, of course, comply with it willingly. But, unfortunately, a large percentage of the drivers pay no attention to these signs whatever. They go over crossings at high speed regardless of 'Stop' signs and thus endanger their lives. A few arrests for the violation of this law in each community would have a salutary influence and would contribute materially toward the reduction of grade-crossing fatalities."

Your Headlights. Under the law of Illinois every automobile must be equipped with two headlights and a tail light. The headlights should be of equal power. The tail light should be at left of the center of the car and should illuminate the number plate with a white light. The tail light should, of course, be red.

Always carry a spare bulb for your headlight, the same as you do a spare tire.—National Safety Council.

When it is necessary to install new brake lining, have an experienced mechanic do it.

Galley Ships. The galley ships were invented by the Carthians, 700 B. C.

G. LELAND TSON

THE OLD, OLD TRAIL

By CLARISSA MACKIE

© 1917, by McClure Newspaper Syndicate.

From the highway, a trail wound through the wooded slopes to a clearing where a small house shone silver-gray in the sunshine. Inside the house it was cool and pleasant, with long shadows on the polished floors and the fragrance of cleanliness of a well kept home.

"You will leave all this—and go away?" questioned the man in an empty voice.

The woman nodded, spreading out the letter with graceful, unobtrusive fingers. "Just think of it, Van! A fling! Just a fling for years—and now school teacher for a lifetime; all of Uncle Peter's money—travel—clothes—music—the world—Oh, Van—don't you understand?" The beating of wings against the bars—the cry for pleasure and freedom.

He picked up his hat and faced her, a young giant in stature, taking in her tender beauty with dazed blue eyes. He was only a forester, and she had taught school for the mountain children—they were to have been married in June—now—the temptation of the letter—the sudden inheritance had made her realize how impossible the life with him would be.

"You are going?" he asked slowly.

She nodded. "If I do not—I will receive only a paltry ten thousand dollars!"

"He wanted to smile—a paltry ten thousand dollars—and up to now, ten thousand meant much to her! He did not smile—he pitied her and turned away. "Good-by—and good luck," he said, as he stepped outside, and without any other farewell he was gone, and she was so absorbed in her contemplation that she did not know he had gone. She was listening for the sound of the stage driver's horn. At last she heard it winding down the slopes—a call to freedom!

The big touring car left the highway and seemed to plunge into the green tunnel of a wood road.

"Is this a road?" shrieked Hallie Russell from the tonneau.

Her husband bent above the steering wheel, turned his head a little. "Yesterday it was a mountain trail—it today it is passable—tomorrow, it will be a section of the transcontinental highway!"

"Absurd!" "My dear, you have said that before. Lathimer, when you and Eleanor are married, beware of acting absurdly."

Lathimer laughed flatly. "Good enough," he said in his meaningless way. "Hear that, Eleanor?" he turned to Mrs. Russell's companion, a fair dreamy-eyed girl, who watched the trail with wistful eyes.

She shrugged indifferently. "Yes, I heard—I was thinking. Finny, what a mistake it is for people to leave their own pleasant woodland trails and venture into the 'highways'—the quiet, green places are best after all."

"My dear girl," he gasped, "do you mean you would go back to your schoolhouse in the woods—lose yourself in the tall timber?"

"I would indeed!" she cried passionately. "I hate the fashionable world I have taken; by storm—I have tried it out for five years—and my heart is not in it—" her voice faltered.

"Your heart—I believed—I flattered myself that I had your heart," granted Lathimer.

She hung out a jeweled hand. "My heart is here! I left it in these woods!" she suddenly smiled. "James, please stop the car—I am going back—home—forgive me, Finny—Hallie you have all been so good to me—but I must go!" The car stopped, and she gripped their hands warmly and vanished up the narrow trail. Unbelieving, they followed her, unable to guess her prank at the moment.

The old trail threaded the largest of trees, plunged under an arbor of cat-tails, and wound and ended in a briar and woodbine and a cottage abiding in the sun. There were clean curving paths at the windows and a kitten played on the doorstep. The woman found her hands to her face. The tender, tremulous call of a wood thrush—then the sweet silence of high places fell upon her. On the other side of the clearing a forester watched her in

dodge surprise tinged with fear. Had she returned to flaunt her riches in his face? Suddenly she saw him, saw the graying hair about his temples, the brooding shadows in his eyes. Behind her loomed her now friends of the world in various stages of surprise and curiosity.

"What's the matter?" demanded Hallie's thin, impatient voice.

Eleanor turned. "I came back—here because my heart was here," she explained, and then she ran swiftly to him. "Van, oh, Van, I want to come home—I have wanted you all the years—I am tired of the world of little people!"

His hungry arms closed around her and her head rested on his patient heart. Above her sunny head the man's brave eyes met the cool incredulity of the world. "I think you had better go," he said gently. "She is tired—her feet are used to the old paths. Some day she will write to you. Now we have much to say to each other."

"She will lose most of the money," muttered Hallie as they went back to the car. "But that look in his eyes—in here—it was worth something," she ended wistfully.

Training Child Through Play. The soul of the child in his play should be trained to that sort of excellence in which, when he grows to manhood, he will have to be perfected.—Vinto.

Daily Thought. Some books are to be tasted, others to be swallowed and some few to be chewed and digested.—Bacon.
